the poor lends to

and he will reward

Proverbs 19:17

After burning

Aunty Pouy is a widow who lives in a remote area in Beong A-kor village, Chamnorm commune, Mongkol Borey district, and Banteay Meanchey province. She lives with two children and one grandma, so she works very hard to support them every day. Moreover, she has to support her two children she sent to study in secondary school which is located in the capital commune. Unfortunately, her house was burned, on July, while she was pouring gasoline into a buyer's motorcycle in the evening. When she was pouring gasoline into the motorcycle there was a spark of fire that flew to touch the gasoline, then the fire started to explode.

After 30 minutes everything was gone

When her house was burning, there were not many people around there, so after 30 minutes everything was gone and became smoke that flew into the open space. Only one piece of clothing was left. She said "Everything I saved that started from one cent now it has become emptiness for my life". Lastly, she thanks God that her children and her mother were saved when the house was burning.

Prayer Requests:

- Pray for a new shelter which costs \$1000.00.
